Window Treatment Design Project

Analyze each window drawing scenario. Select a window treatment you believe is the best choice for the window. Draw your choice on the window. Render your drawing with colored pencils. List the name of your chosen window treatment and explain why you believe your selection is the best choice for the window and scenario.

1. A child's bedroom with an east-facing window.

2. A picture window in a mountain cabin with a great view.

3. Family dining room window that faces west.
